Wolters Kluwer CCH: Canadian Accountants can now download the latest release of ProSystem fx Practice Management

TORONTO, ON (June 5, 2014) - Wolters Kluwer CCH, a leading provider of tax and accounting information, software and services, announces the latest release of ProSystem fx Practice Management, version 2014.14.01, which is now available for download. (Updates will no longer be distributed on CDs.)

The following enhancements have been made to this release:

NEW Enhancements to the Report Writer

Report Templates

Fifty new report templates have been added to the Report Writer.

Redesigned Navigation Bar

The Report Writer Navigation Bar has been re-organized. At the top of the navigation bar, **My Reports List** contains firm reports outlined in blue text with yellow icons for each report. The available Report Templates are listed at the bottom of the bar and are outlined in black text with blue icons for each template.

Report Template Booklet

To review the new report templates, a booklet contains a snapshot of each report template, a list of key report writer elements for each report, an appendix with instructions and tips for creating and customizing reports, and a comparison of the report templates.

Additional Fields

A total of 106 additional fields have been added to the various report types to expand the Report Writer capabilities.

New Report Type

A new report type entitled Employee Forecast, which contains 39 available fields, has been added to increase the reporting capabilities of the Forecast Hours feature.

NEW Enhancement to the Employee Time Analysis Report

A new security option has been added to Security Setup to view the "Cost" section of this report.
