Collective Management of Copyright and Related Rights, 2nd Edition  Prof. Dr. Daniel Gervais

Collective management organizations (CMOs) have become the nerve centres of copyright licensing in virtually every country. Their expertise and knowledge of copyright law and management have proven essential to make copyright work in the digital age. Collective Management offers an in-depth analysis of the various operating CMO models, their rights and obligations, acquisition of legal authority to license, and the rights to license digital uses of protected material and build (or improve current) information systems to deal with ever more complex rights management and licensing tasks.

IP and Antitrust is the first comprehensive resource that fully examines U.S. intellectual property from an antitrust perspective, to help you steer clear of unexpected problems. This two-volume reference provides a sophisticated discussion of intellectual property law not currently available in the antitrust treatises on the market today.

Intellectual Property Legal Opinions, 2nd Edition, provides firms with intellectual property matters of all forms with IP legal opinions from three of the top U.S. thought leaders in the area.

The following sections are covered:

• Patentability
• Infringement
• Validity
• Corporate due diligence
• Litigation

To order, call 1-800-268-4522 or email cservice@cch.ca
Manual for the Handling of Applications for Patents, Designs and Trademarks throughout the World, 8 Volumes

For anyone who requires legal information about global intellectual property law, the Manual for the Handling of Applications for Patents, Designs and Trademarks throughout the World is the most comprehensive, authoritative reference for the international industrial property practice. It consists of 8 volumes, which include:
- Coverage of nearly 200 countries and several regional industrial property protection systems
- Full text of the most important conventions, treaties, and agreements (including the Paris Convention, the Patent Cooperation Treaty, and the Madrid Agreement)
- Extensive coverage of Patents, Trademarks, and Designs in this de facto standard resource

Business Method Patents, 2nd Edition

Legal professionals that require information about business method patents in the U.S. need look no further than this book, which covers landmark cases in this dynamic area of patent law. Recently, the U.S. Supreme Court in Bilski v. Kappos left the door open for the availability of patents for business methods. These holdings, together with the explosive growth of electronic commerce and technology, make the business method patent an important growth area of intellectual property.

Goldstein on Copyright, 3rd Edition

Consulted by more courts on the fundamental issue of copyrightability, Goldstein on Copyright has become the definitive practice tool for today’s intellectual property practitioner. For anyone unfamiliar with and requiring U.S. information about new copyright protection, this is an essential resource. Particular attention has been paid to digital technologies.
Corporate/Commercial Law

Macey on Corporation Laws, 2 Volumes  Jonathan R. Macey

*Macey on Corporation Laws* brings together three major resources for analyzing and comprehending modern corporation law: The American Bar Association’s Model Business Corporation Act, The American Law Institute’s Principles of Corporate Governance, and Delaware’s highly sophisticated and respected General Corporation Law. Clear, expertly analyzed, authoritative, and uniquely insightful, this resource covers every vital area of corporate law.

$745.00
Item Number: 3462

*The Regulation of Corporate Disclosure, 3rd Edition*, is a complete and up-to-date handbook on the issue of corporate disclosure, covering the impact of the federal securities laws on both informal communications and the process of communicating with shareholders. Included is a new chapter on legislation and rules pertaining to the board of directors, public accounting firms and audit committees, specifically, the regulation of independent accounts and The Public Company Oversight Board, auditor independence, auditor functions, and oversight of audit committees and disclosure.

$639.00

The definitive section-by-section guide to the country’s most important corporate law, the 5th edition of *Folk on the Delaware General Corporation Law* is the place to turn for accurate, up-to-date, authoritative coverage of the Delaware statute. Its uniquely logical code section organization provides penetrating and extensively annotated commentary.

*Corporate Partnering* is full of practical forms covering all aspects of strategic alliances annotated with crisp, clear commentary that explains the real-world issues addressed by each provision and how alternative solutions may be used to accomplish different aims. These carefully crafted agreements cover the broad range of areas from supply and distribution agreements, product and technology licenses, and research and development agreements to investment and investment-related arrangements.

The volume of trade done through electronic media continues to skyrocket, and the law evolves at a staggering rate. To keep pace with all the new cases, statutes, proposals, commentaries, and model laws, there is no better resource than the new edition of the Law of Electronic Commerce – your guide to the implications of communications technology for commercial law and transactions.

Glazer & FitzGibbon on Legal Opinions: Drafting, Interpreting and Supporting Closing Opinions in Business Transactions, 3rd Edition  Donald W. Glazer, Scott T. FitzGibbon & Steven O. Weise

Now you can draft and defend accurate, well-supported third party legal opinions with complete confidence! In Glazer and FitzGibbon on Legal Opinions: Drafting, Interpreting, and Supporting Closing Opinions in Business Transactions, three outstanding authorities give you intensely practical guidance – including sample opinion language throughout the text - that shows you how to determine which versions of the standard opinion clauses you should use, establish the factual basis for the opinion, and take all the steps necessary to support your opinion. The authors describe customary practice and its implications, identify areas of uncertainty and suggest how disputed areas should be resolved.

Updated with the latest legal and court developments, this time-honored resource takes you step by step through all aspects of establishing and operating organizations incorporated in Delaware.

The Statutory Deskbook 2010 Edition is included.

Mergers, Acquisitions, and Buyouts, September 2011: 5 Volume Print Set
Martin D. Ginsburg & Jack S. Levin

Mergers, Acquisitions, and Buyouts is the most thorough and practical guide to mergers and acquisitions.

In this five-volume print set, these expert practitioners offer you:
• Solutions to real-life M&A problems as they arise in negotiations
• Step-by-step analysis of typical and non-typical mergers' transactional permutations
• Checklists, flow charts, and other at-a-glance mergers practice materials
Louis Loss, Joel Seligman & Tony Paredes

Fundamentals of Securities Regulation, 6th Edition, gives you quick access to the law of securities regulation as found in Loss, Seligman, and Paredes’ 11-volume, landmark treatise, Securities Regulation, consolidated into one comprehensive volume. Distilling the essence of Loss, Seligman, and Paredes’ 11-volume master work, this 1600-page volume reviews and analyzes the most significant aspects of securities regulation and gives you the quick answers you need...when you need them.

$392.00
Item Number: 1993

Securities Regulation in Cyberspace, 3rd Edition
Howard Friedman

Securities Regulation in Cyberspace analyzes the interweaving of technology and the securities laws. The author provides an in-depth review of the tremendous impact technological advancements such as the Internet have had, and will continue to have, on securities regulation. The book covers electronic delivery of disclosure, both in securities offerings and to satisfy ongoing Exchange Act obligations, and discusses the state and federal regulation of offering of securities electronically, both domestically and internationally.

$336.00
Item Number: 4218

Securities Regulation: Cases and Materials, 6th Edition
James D. Cox, Robert W. Hillman & Donald C. Langevoort

This latest edition of Securities Regulation: Cases and Materials covers:
• A balance of practice and doctrine from leading authorities
• A highly flexible organizational structure that adapts to a variety of teaching approaches
• A wealth of interesting problems that present opportunities for students to apply legal concepts and reinforce their understanding
• Smart, straightforward writing style
• Timely supplementation by the authors’ own Annual Statutory Supplement and Case Supplement
• Outstanding coverage of the 1933 and 1934 Acts

Using a question-and-answer format similar to that which the SEC has embraced, this valuable desk reference provides concise, understandable answers to the most frequently asked compliance questions, and ready access to key statutes, regulations, and court decisions. Designed for both beginners and seasoned professionals, the volume contains more than 1200 pages organized in 17 self-contained chapters. Each chapter covers the basics before moving into the nuanced details, meeting the needs of those who seek a general understanding of a topic as well as those grappling directly with critical issues. Twice-yearly supplements keep the book current in this rapidly evolving field.

Securities Regulation, 11 Volumes  Louis Loss, Joel Seligman & Troy Paredes

The universally acknowledged work Securities Regulation is of immense day-to-day value to the practitioner.

The authors’ analysis of all relevant statutes plus thousands of cases, SEC administrative decisions and letters definitively clarifies such questions as:
- When does a note fall within the definition of a “security”?
- How have the courts altered the express civil liability provisions of the federal securities laws?
- Can the SEC impose additional ten-day suspensions on trading without notice?
- Does scienter include reckless as well as intentional conduct?
- And countless others, so that you’re almost sure to find coverage of the “small point” on which your case may turn.

Commercial Arbitration

International Handbook on Commercial Arbitration: National Reports and Basic Legal Texts  
Jan Paulsson

Since arbitration laws and practices differ from country to country and often undergo changes, the business world and practitioners need up-to-date information. The International Handbook on Commercial Arbitration provides such information in the form of National Reports. Annexed are the Arbitration Act of the country concerned and all other relevant legal provisions.

International Arbitration: Cases and Materials  
Gary B. Born

International Commercial Arbitration: Commentary and Materials is one of the leading authorities in the field. This new casebook is a thoroughly international approach to international commercial arbitration, focusing on the New York Convention and UNCITRAL Model Law.

International Commercial Arbitration, 2 Volumes  
Gary B. Born

International Commercial Arbitration is an award-winning, 3200 page treatise, in two volumes, providing the most complete available commentary and analysis on all aspects of the international commercial arbitration process. International Commercial Arbitration has been widely cited by national courts and commentaries in all developed jurisdictions and is the gold standard for international arbitration commentaries.

The Montreal Convention on the Unification of Certain Rules for International Carriage by Air came into force in November 2003. For its signatories – which include most European countries, the European Community itself, and the United States of America – the new Convention replaces the Warsaw Convention and its various protocols and related treaties. Accordingly, for these countries Kluwer's classic looseleaf resource *Warsaw Convention* is supplemented by this definitive looseleaf guide.

*Construction Delay Claims, 4th Edition,* is written for everyone involved with delay and impact construction claims – the most common form of disputes in the construction industry. You’ll find that this resource presents the most thorough, detailed review of delay claims liability available, including a complete description of the entire process for filing and pursuing claims along with more than 1950 cases and analyses.

$331.00  
Item Number: 2865

---

*Construction Scheduling: Preparation, Liability, and Claims, 3rd Edition,* provides the most complete and practical resource on the major elements of the construction scheduling life cycle you’ll find anywhere.

The contract negotiation and scheduling techniques described in this indispensable resource show you how to deal with all scheduling contingencies, and how to formulate your documentation accordingly. By integrating “how to” information with legal background, *Construction Scheduling* strikes home the importance of proper scheduling. Its solid analysis and demonstration techniques strengthen your position at the bargaining table and in court.

Calculating Lost Labor Productivity in Construction Claims, 2nd Edition  William Schwartzkopf

*Calculating Lost Labor Productivity in Construction Claims, 2nd Edition,* demonstrates how to plan for increased labor costs and minimize the risks, identify the causes of the cost overrun, introduce appropriate evidence of lost labor productivity to establish damages, and resolve disputes through prior agreement. Case law support for awards and denials of compensation for each type of claim or situation is analyzed along with the studies or techniques used to prove damages.

2011 Construction Law Update  Neal J. Sweeney

*Construction Law Update* brings you up-to-date with new developments impacting six major geographical regions of the United States: Southeast, Northeast, Southwest, West, Northwest, and Midwest. The 2011 edition offers timely, practical analysis on many current issues in the construction law industry.
